

encrypting said second key;

combining said encrypted first key and said encrypted second key
as part of a message;

multicasting said message to said plurality of clients so as to allow
said first client to obtain said encrypted first key and said second client to obtain said
encrypted second key.

31. (Original) The method as described in claim 30 wherein said
combining comprises concatenating said encrypted first key and said encrypted second
key in said message.

32. (Original) The method as described in claim 30 wherein said first key
and said second keys are program keys.

REMARKS

The claims have been amended to more clearly recite the claimed
embodiments. The present amendment is submitted in accordance with the Revised
Amedment Format as set forth in the Notice provided on the USPTO web site for the
Office of Patent Legal Administration; Pre-OG Notices, signed 1/31/03.

CONCLUSION

In view of the foregoing, Applicants believe all claims now pending in this Application are in condition for allowance. The issuance of a formal Notice of Allowance at an early date is respectfully requested.

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 303-571-4000.

Respectfully submitted,

William F. Vobach
